GOTA AHMEDABAD, GUJARAT

With over seven years of expertise, Satva Laser is a trusted leader in the laser cutting industry, known for prioritizing quality over quantity. Equipped with advanced technology, they excel in handling heavy metal thickness and delivering precision results.

Their portfolio includes collaborations with top hoteliers, renowned architects, and artists. Satva Laser also offers an exclusive range of in-house creations, such as bollard lamps, murals, luxury door handles, wall clocks, and more, blending innovation with elegance.

Dedicated to excellence and customer satisfaction, Satva Laser continues to set new standards in laser cutting and luxury home décor.

WALL PARTITION

LIVING ROOM SET 1

Matte finish on stainless steel is a smooth, non-reflective surface achieved through specialized treatments. It offers a modern, elegant look, reduces glare, and hides fingerprints and scratches, making it ideal for architectural, decorative, and functional applications.

MATE FINISH

LIVING ROOM SET 2

Glossy finish on stainless steel is a high-shine, reflective surface that enhances the material's appearance. It exudes a sleek, polished look, adding sophistication and brightness, making it perfect for decorative and upscale applications.

MURAL

BOLLARD LAMPS

A square bollard lamp is a compact, modern outdoor lighting fixture with a sleek square profile, designed to illuminate pathways or landscapes. It combines functionality with a minimalist aesthetic, offering focused lighting while blending seamlessly into contemporary environments.

METAL HANDLE

A metal handle with a luxury touch features refined details, premium finishes like brushed gold or polished chrome, and elegant designs that add sophistication and style to furniture or interiors.

WALL CLOCK

A metal wall clock is a stylish timepiece crafted from durable metal, featuring a sleek and modern or industrial design. It adds functionality and a decorative element to any room, often available in finishes like brushed steel, gold, or matte black.

SAFETY DOOR GRILL

A precision metal safety grill with a luxury touch combines robust security with elegant design. Crafted with high-quality metal, it features precise detailing and premium finishes like chrome, matte black, or gold, enhancing both safety and aesthetics.

SERVING TABLE BASE

An SS serving table base with a luxury touch offers strength and elegance, crafted from stainless steel with premium finishes like polished chrome or brushed gold. Its sleek design seamlessly blends functionality with a sophisticated aesthetic.

METAL LETTERS/ NAME PLATES

CNC metal letters or nameplates are precision-crafted signage made from high-quality metals like stainless steel, brass, or aluminum. They feature intricate designs, clean edges, and premium finishes, adding a professional and luxurious touch to branding or decor.

HOME
DECORATION

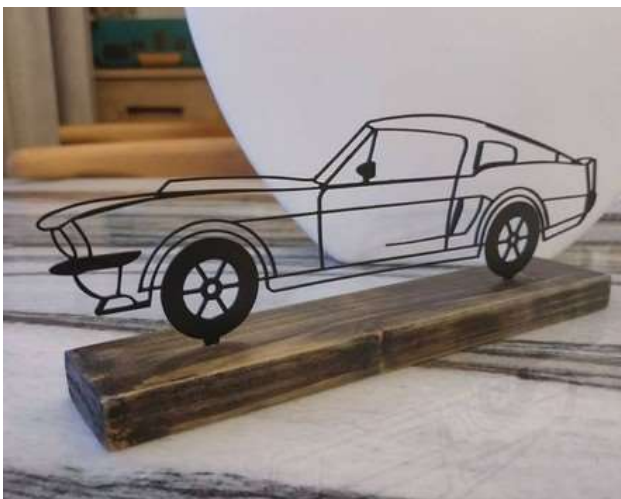

NAME PLATE

A metal interactive nameplate with the finest metal is a sophisticated and durable sign crafted from premium materials like brass, stainless steel, or aluminum. It features an engaging, customizable design that allows for interaction, combining high-quality craftsmanship with a luxurious aesthetic for personal or professional spaces.

OUTDOOR LAMP

A CNC outdoor lamp is a precision-crafted lighting fixture designed for outdoor spaces. Made from durable materials, it features intricate patterns or sleek designs, combining functionality with a modern or decorative aesthetic.

HOME DECOR

Metal home décor products are stylish and durable accents crafted from materials like stainless steel, Mild Steel, Aluminum & Brass. They feature sleek designs, intricate details, and premium finishes, adding a modern or luxurious touch to any interior space.
